SHORT STORIES OF THE CITY

Juan Cebarras Buried.—The body of Juan Cebarras, who was shot and instantly killed by Wesley Burgess at Crowley on Monday was buried under the auspices of Globe Miners' union yesterday afternoon, the services being conducted from the chapel of F. L. Jones & Son's undertaking establishment. Deceased was a member of Pinto Miners' union.

Death of Chinaman.—Charley Mow, a Chinese, died at Roosevelt yesterday after a brief illness with lung trouble. The body was brought to this city, and the funeral services will be held from the chapel of the F. L. Jones & Son undertaking establishment this afternoon at 4 o'clock. Mow was 58 years of age and had resided in Globe county for thirty-three years. He was a cook by profession and was well known in Globe, where he has been employed at different times. The body will be interred in the city cemetery.

Thirty Days for Karl.—Karl Meyer, arrested yesterday morning, was sentenced to serve thirty days in the county jail last evening by Judge Thomas. Meyer, who came to Globe with a circus about a year ago, has been engaged as a tamale vendor a portion of the time. His face is familiar in police court. He has been idle for some time, sleeping in saloon wine rooms and basking his meals.

Chinaman Discharged.—The Chinaman who was recently arrested on a charge of stealing dishes from a restaurant he had sold at Live Oak, had a hearing in Justice Thomas' court yesterday and was discharged for want of evidence.

Oscar Felton Improving.—Oscar Felton, night patrolman in the North Globe district, who was shot two weeks ago in the leg, is rapidly recovering and will soon be on duty again. He was removed from the rooming house over the Acme saloon yesterday to his apartments at the Maurel hotel.

Masque Ball.—The Globe City band will give a masque ball at Dreamland next Friday night. The people of the city have been magnificently entertained during the past summer months by the open air concerts given by the band and the coming ball will present opportunity for showing appreciation in a material way. Music for the dance will be furnished by the entire band of twenty pieces, which means that it will be the best ball room music ever furnished in the city. Tickets for the ball are on sale in all the business houses.

An Old-timer.—C. D. Henry, who lost his life in Chicago Thursday, the story

of the tragedy appearing in the Silver Belt's Associated Press report of yesterday, was an old-time Arizona miner, and well known throughout this entire section. Mr. Henry sold the Woolley mines in Pinal county to the Arizona Pacific Mining company for a large sum about two years ago, and then located in Los Angeles. He was a resident of Florence for many years.

ROOT'S RETIREMENT IS NOW ASSURED

Washington Credits Report, Though News Is Unofficial

WASHINGTON, D. C., November 8.—Secretary Root's retirement from the cabinet is once more reported today, this time, it is said, on good authority. Ill health is the reason assigned. The secretary is suffering from both nervous and digestive troubles. Official confirmation is lacking, but the report is generally accepted here as true. Mr. Root wants not only to retire from public life, but to take a long rest, free from business cares of any sort.

OFFERS HIS LIFE IN AID OF SURGICAL SCIENCE

Herbert Welsh, Who Attempted Suicide, Undergoes Difficult Operation

LOS ANGELES, Cal., November 8.—"My life has been practically useless and now when I know that I must die

I want you fellows to do anything that might be useful in science with my body." Such was the statement made by Herbert Welsh of 121 North Broadway, who attempted to kill himself Saturday night, to Dr. D. C. Barber of the county hospital.

Welsh was operated on yesterday by Dr. Barber, but there is thought to be small chance for his recovery. A bullet is imbedded, the physicians say, in the man's spinal column and has not yet been located.

Welsh has refused to give the name of the young woman who is alleged to have caused him to try to commit suicide, and attendants at the hospital say she has not been to visit the patient.

GIRL RECOVERS POODLE AFTER 600-MILE SEARCH

Washington Daniel While Tracing Pet Visits Home of 157 Cohens

NEW YORK, November 8.—After following her blue-blooded, white-coated French poodle for 600 miles, Miss Wate King of Washington, D. C., found her pet today in Brooklyn at the home of a Mrs. Cohen, No. 317 Vernon avenue. The homes of 157 persons named Cohen were visited before the right one was located, Miss King says.

Flora is the pup's name, and for several years she has been the flower of the King household in the capitol city, where Miss King is employed. Flora never before evinced a desire to roam from the side of her mistress. Miss King took her to Charlottesville, Va., on a visit, and Flora disappeared. An alarm was sent north and south for the dog. Finally the dog was located at Mrs. Cohen's.

GOVERNORS' CONGRESS IS PLAN

Smith of Georgia May Call Meeting to Discuss Railway Rates

ATLANTA, Ga., November 8.—It develops that the conference of governors recently held in Atlanta between Governors Smith, Glenn and Comer was of deeper significance than was at first believed and that out of that conference will probably come a congress of governors, the object of which will be the consideration of the troublesome matter of dealing with the railroad problems, which are now perplexing a large number of the states of the country. In the governor's proclamation issued, these sentences are regarded as significant: "We will also co-operate with other states which have the same problems."

"We regard the complete recognition of the rights of the states to regulate the intrastate business of transportation companies as absolutely necessary." Following this conference it is understood that Governor Smith is now considering a call for the congress.

ODELL RALLYING FROM SHOCK OF OPERATION

Spends Comfortable Night; Family Feel Reassured of Recovery

NEWBURGH, N. Y., November 8.—Reports from the bedside of Ex-Governor Ben J. Odell Jr. today were to the effect that he had rested comfortably during the night and was rallying from the shock of the operation which was performed on him last night by Dr. Erdman. In this operation a tube was inserted in Mr. Odell's side, and as he took no anaesthetics, the shock was severe. The family does not feel that his condition is desperate.

NO TOBACCO FOR STATE INSANE

PEORIA, Ill., November 8.—A new order prohibiting the use of tobacco, either for chewing or smoking, has been promulgated by Dr. George A. Zeller, superintendent of the Illinois insane asylum at this place. Dr. Zeller, himself an inveterate smoker, and his staff of physicians, have eschewed the use of the weed while on duty, and the violations on the part of employees will be summarily dealt with.

It has cost the state on an average of \$200 a month for the supply of tobacco for the institution, and it is believed this sum can be applied elsewhere with better results.

BAES CUPID FROM COLLEGE

EVANSVILLE, Ind., November 7.—President Hines of the Southern College at Albion, Ill., has issued an order that any student of the school found "keeping company" with the opposite sex will be expelled. The order has caused indignation among the 250 students and they have petitioned the faculty to withdraw it. When school opened in September the faculty issued an order that the young men and girl students would not be permitted to "keep company" but once a week and on Sunday. Buggy rides along the country lanes on Sundays became numerous and the country parties multiplied to such an extent that the faculty decided to stop all courting. Many of the students threaten to leave the school.

And when the Seven Wise Men had slept, they said one unto another: "We have filled ourselves with slumber upon the grass couch of the rocks of Kibosh; and have hearkened to the counsel of this Poodah of the sage brush; this Solomon of Kibosh, he runneth into words even as the waters runneth from the hills, and his mutterings to us, the Seven Wise of the Tribes, are as sounding brass, for are we not encompassed with our own headpieces and the fullness of our age. Yea, even unto the wisdom of a Solomonian seer. When the morrow again bringeth the light from the east, we will smite our person's hip and thigh, to swiftly travel afar, and hie us to the hunting ground of the pale face, to learn of him all the arts of chibuggerly on the ways of watering stock and clipping coupons; yea, even unto the wiles of heap long talk liken unto the sage of Kibosh; yea, verily."
